with the seventy-two demons of Goetia. The first ritual is a way to petition for a simple result. The second method is Connective Evocation, where you sense the presence of the demon, to obtain knowledge. The third method provides you with the instructions for a Full Evocation, with the demon brought to visible appearance. Each of the seventy-two demons is proficient in several areas, and all of their powers can be used alone or in combination. You have thousands of sophisticated powers at your disposal. Gordon Winterfield says, My intent in creating this book has been to offer something genuinely original, and unobtainable elsewhere, based on the wisdom of experienced, practicing occultists. I have no interest in peddling the same weary methods that can be found elsewhere. It is therefore unavoidable that the contents of this book will challenge much of what has been said on the subject. The magick in this book is a modernized, workable method, and will violently contradict many beloved theories and beliefs. This book may offend you, but if you are open minded, I believe you will find a method that works for you quite readily. You will discover: The secret Evocation Keys for attracting the demon to you. A treasure for any occultist interested in the Goetia but who doesn't have a ton of familiarity or comfort with the great intricacies and complications of high ceremonial grimoire magic. I've been a practicing occultist for many years, but had declined to work with demons for a long time because of deeply-ingrained cultural baggage associated with the word. Reminding myself of the origin of the word (an ancient Greek word, daemon, simply meaning spirit) and speaking to many trusted friends I know who have worked with these spirits before, I read the reviews of this book and the testimonials in Gallery of Magick groups on Facebook. I bit the bullet and decided to make the minimal investment to check this out. I couldn't be more pleased that I did. In the several months that I've had this book, I have now embarked on 4 rituals with 3 different demons. The matters at hand were love/lust related and money related. Both Sallos and Sitri responded with signs of success within a week or two and with both of those, manifestations of the requested results were showing fabulous fruition within about three weeks. I also petitioned Bune to obtain a not-small amount of extra money needed within a couple of months for an important personal need. It has only been 3 weeks and I am already more than halfway to my goal, gaining money from a huge increase in clients in my side business as well as through a few generous gifts. I have zero doubt that this petition will even exceed my needs. I used Ritual One provided in the book for all of these petitions and the payments suggested for the results are incredibly easy, low-risk, and straightforward. Nothing to fear at all. I'm so very happy with my choice to use this book from Gallery of Magick and I have now recommended it to a number of people. Hail Sitri, hail Sallos, hail Bune! And hail Gordon Winterfield too.
